

DIESEL PARTICULATE FILTERS

ALL-MAKES HEAVY-DUTY DIESEL PARTICULATE FILTERS

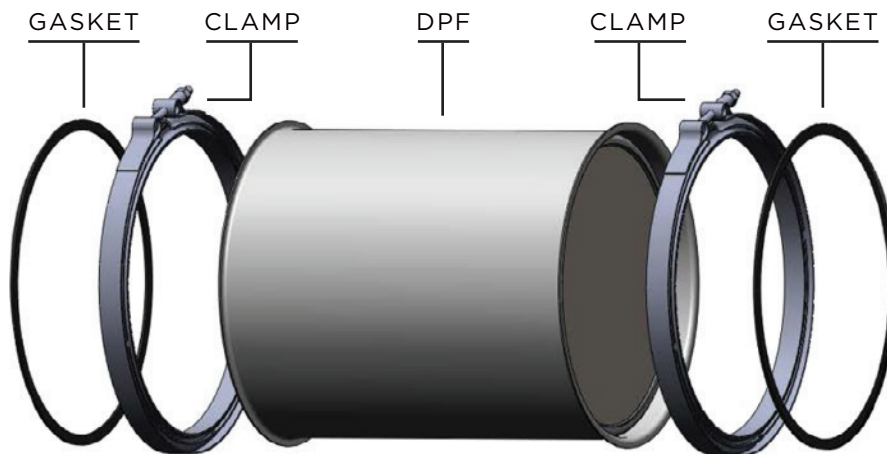

Alliance Truck Parts has over 30 product lines that serve the commercial transportation industry with reliable new and remanufactured parts and accessories for all makes and all models¹ to keep trucks and buses on the road. All Alliance Truck Parts meet or exceed OES specifications for quality, fit and finish and are backed by a nationwide warranty², which means you don't have to trade quality for price.

PARTS NUMBERING SYSTEM

The Alliance Truck Parts numbering system is set up systematically: Example - ABP N49 AXN1101.

All part numbers in this program contain the prefix ABP and N49 (the company-assigned code for this program). The last digits are based on part and design.

All parts in the catalogue are set up with an Alliance Truck Parts number. In the back of this catalogue, you will find an extensive cross-reference list by engine manufacturer. This will help link another manufacturer's part to an Alliance ABP number.

WARRANTY

*Alliance Truck Parts are backed by a 1-year/unlimited-kilometer standard warranty.

Illustrations and photographs used in this catalogue may vary slightly from the actual product. Prototype samples are sometimes used for photography. The production parts may vary slightly.

Availability of products shown in this catalog is subject to change without notice.

¹For nearly all heavy-duty truck makes and models | ²See warranty for complete details and limitations.

FEATURES & BENEFITS

Alliance DPFs go through a comprehensive development process to ensure the highest quality and performance. This process gives Alliance several advantages over the aftermarket competition:

- OEM-equivalent diesel emission control performance
- Coreless - no need to return the core for full or partial credit
- Exact-Fit design for easy installation
- Manufactured with new materials - not reconditioned
- High-quality stainless steel for durability and corrosion resistance
- DPF substrates from top tier OEM suppliers
- Wide range of parts available for leading engine makes and models
- Manufactured in the U.S.A.
- Clamps and gaskets sold separately to provide solutions for all customer types

Part Number	Description
QABP N49ADQ1202	DPF-DD13/DD15
QABP N49GD011	GASKET-14.25"
QABP N49CD008	CLAMP-V-BAND 14 DPF

Note: Due to California Air Resources Board (CARB) regulations, Alliance DPFs are currently not available for sale or installation in California.

ABOUT ALLIANCE

Alliance commercializes a broad range of aftermarket diesel particulate filters and oxidation catalysts for 2007 and newer trucks and buses.

Alliance uses a comprehensive development process to ensure the highest quality and performance.

ALLIANCE ADVANTAGES

- Superior substrate and catalyst
- OEM equivalent backpressure and regeneration performance for optimum fuel consumption
- State-of-the-art manufacturing for outstanding workmanship and quality
- Demonstrated durability for extended service life

Alliance offers all of these advantages across a wide range of engines. We continue to invest in new product releases to offer a competitive and extensive catalog for our dedicated distributors.
